# WHY BARKPARK

Our agility products and courses are based on popular agility obstacles and have been developed for use by dogs of all abilities and confidence levels.

Most of all, BarkPark builds attractive and fun places for pets and their families to exercise, socialize, and enjoy nature!

PBARK-491

PBARK-940S-P6

TBARK-530

PBARK-460

## HEALTH

Promotes healthy behavior in dogs and dog owners

## COURSES

Available in eleven pre-configured agility courses

## DURABLE

Durable enough for even the toughest canines

## USA-MADE

BarkPark equipment is proudly designed and manufactured in our UltraSite manufacturing facility in Red Bud, IL.

## COORDINATE

Offers coordinating site amenities and accessories to complete the space

## CANINECOAT™

Our steel walking surfaces that come in contact with your dog's paws feature BarkPark's proprietary CanineCoat™.

- Slip Resistant
- Durable
- Urine Resistant
- All-weather, UV protection

## OUR STORY

Working in the recreation market made us realize that people don't just take their little ones to the park... but they bring their fur babies too! Dogs are awesome and they play such a vital role in the family unit, so why shouldn't they have their own dedicated park?!

And so, BarkPark was born. We have taken the time to study not just dog behavior in the park but the community it builds when introduced.

## PETS ARE GOOD FOR YOUR HEALTH!

Love, companionship, and sloppy kisses are just a few of the reasons people own pets. In fact, pets have proven to be good for your health in many ways.

**STRESS REDUCTION**  
Pet owners have less stress and recover more quickly from it.

**HEART HEALTH**  
Studies show that people with pets have healthier heart rates and blood pressure.

**WEIGHT MANAGEMENT**  
Dog owners are less likely to be obese, due to being more physically active when walking their pets.

**CHOLESTEROL LEVEL**  
Studies show that owning a pet can decrease cholesterol, triglycerides, and blood pressure.

Statistics from *Unleashed: Off-Leash Dog Park Design Trends and Planning Tips*

# ENRICHMENT + ENGAGEMENT

## WHY DO YOU NEED DOG PARK EQUIPMENT?

It is very important to make sure your pup isn't just receiving adequate exercise, but also finding mental fulfillment.

Training your dog on agility equipment gives your dog a problem to solve and working with them through these new experiences builds confidence and a stronger bond.

Novice Course - Carrboro, North Carolina

Meet Blue Bell Blue Bell loves it when the snow melts and she gets to enjoy the dog park!

### BENEFITS:

- Build Confidence
- Enrich Your Human Animal Bond
- Exercise
- Mental Fulfillment
- Improve Behavior

## TRAINING YOUR PUP ON AGILITY OBSTACLES DOESN'T STOP AT THE DOG PARK.

By working with your dog to overcome these obstacles you are building their confidence in themselves and in you. This translates to the real world, to the new and different obstacles you may encounter together.

### Real world obstacles

- Stairs
- Heights
- Slick Surfaces
- Unsteady Footing

# RESEARCH INTO PRACTICE

PBARK-491

## Partners in Research

BarkPark has partnered with Harrison Forbes, an Animal Behaviorist, Dog Trainer and Author, to ensure we provide the highest level of dog park education and product on the market.

## A WORD FROM HARRISON

"As an Animal Behaviorist and trainer, I have witnessed the growth of dog parks and the education of pet owners over the years. Dog parks are an integral part of urban/suburban communities that have far reaching implications beyond a place for a dog to "relieve themselves". Dog parks are not only places where our dogs can enjoy each other but where owners and pet lovers can find kindred spirits."

**Harrison Forbes**  
Animal Behaviorist, Dog Trainer, Author  
[www.harrisonforbes.com](http://www.harrisonforbes.com)

## Topics Include:

-  The Value of Dog Parks
-  Health & Well Being Benefits
-  Social & Community Benefits
-  Design Best Practices
-  Dog Agility Products and Landscaping
-  Surfacing Suggestions / Maintenance
-  Planning & Engagement Strategies

## CONTINUING EDUCATION

BarkPark, in partnership with CORE (PlayCore's Center for Outreach, Research and Education) offers a continuing education and training session on this incredible guidebook. For more information, please email us at [info@ultra-site.com](mailto:info@ultra-site.com)

To learn more, request an educational session with one of our master trainers, or to request a copy of Unleashed, please visit: <https://www.dogparkproduct.com/build-your-park/the-unleashed-guidebook/>

**Bark Parks keep individuals fit and active, increase their enjoyment of the outdoors, and help to increase connectivity among people living in the area."**

## UNLEASHED

### Off-leash Dog Park Design Trends and Planning Tips

Dog ownership continues to rise year over year and the demand for dog-friendly recreation areas is top of mind for cities, parks and multi-family housing communities. The Unleashed guidebook helps communities effectively advocate for the many benefits of off-leash dog parks. Dog parks create community destinations by providing enjoyable ways to recreate for both dog owners and their dogs.

Developed by BarkPark's parent company, PlayCore, Unleashed shows there are many positive effects for individuals that own a dog(s); as well as healthy and social benefits of owning and caring for a dog, and recreating outdoors with pets.

The Unleashed guidebook provides research and best practices to effectively design a dog park and champion initiatives that provide meaningful outcomes supporting overall health and social benefits for the community.

## RESEARCH INTO PRACTICE

# MAKE YOUR DOG PARK A COMMUNITY DESTINATION

Consider the following amenities to meet the unique needs of the project including location, size, user groups, and budget.

## 1. SHADE

Page 39 | Trees, shrubs and artificial shade structures provide aesthetics and shade

## 2. BIKE PARKING

Page 39 | Bike parking to encourage alternate modes of travel

## 3. SIGNAGE

Page 35 | Dog park rules posted prominently at entrance

## 4. GATING

Separate entrance to park transition area, as well as to small and large dog areas

## 5. ACCESSIBILITY

Accessible route of travel from parking lot to and through the space

## 6. FENCING

All areas fenced with a solid base to discourage digging

## 7. LIGHTING

Strategically placed lighting for extended hours

## 8. AGILITY EQUIPMENT

Consider the ratio of equipment to open space to encourage movement and socializing

## 9. PET WASTE STATIONS

Page 37 | Dog waste bags and receptacles

## 10. AMENITIES

Page 33 | Benches and receptacles to encourage socialization and a cleanly park

## 11. SURFACING

Page 38 | A mix of surfacing to emulate nature and offer walking paths

## 12. LARGE AND SMALL DOG AREAS

Separate areas for large and small dogs

## 13. WATER FOUNTAINS

Page 37 | High-Low water fountain for both dogs and their owners

## WHY SHOULD YOU HAVE A SEPARATE LARGE AND SMALL DOG AREA?

It is important to have separate areas for large and small dogs in dog parks for the safety of both groups. Smaller dogs are more susceptible to injury or intimidation by larger dogs, and having separate areas enables both groups to play and exercise more confidently.

*Information from Unleashed: Off-Leash Dog Park Design Trends and Planning Tips*

**NEW PRODUCT**

We are very excited to introduce you to several exciting dog park products, that are sure to get tails wagging at your park!

**NEW PUP CLUBHOUSES**

- SIT & STAY BENCH  
(PBARK-940)
- FIRE HYDRANT  
(TBARK-465)

**EXPERT TIP:** A new trend we are seeing in dog parks is including a single use only area. This space is intended for one dog or one family at a time. This is great for senior dogs, post-op pups, or dogs who are not quite socialized enough for a true dog park experience yet.

# TRADITIONAL PRODUCTS

## WEAR MATS

161292

Made from 85% recycled rubber, Wear Mats help to provide stability and longevity for surfaces when placed in high traffic areas. They can be placed on top of the surface and will reduce maintenance time and cost in areas where they are used. Shown here at ends of the Teeter Totter.

46" L X 46" W X 1" Thick | 60 lbs

## PUP TURF

Don't forget surfacing! Pup Turf is a leading artificial turf provider for dog parks nationwide.

- 🐾 Natural outdoor look
- 🐾 Perforated turf layer provides rapid drainage
- 🐾 Eliminates unsightly dead grass spots and mud pits
- 🐾 Odors easily flush away with water
- 🐾 Featuring PROFLOW™ secondary backing that allows water flow at a rate 2x the standard perforated backing and provides additional binding strength for durability and resilience

## SHADES, SHELTERS & BIKE RACKS

Fabric shades, shelter structures, and bike racks are perfect additions to any dog park. Shade and shelter provide comfortable spaces for your patrons as they socialize or relax while watching the dogs play, while bike racks provide secure parking for cyclists.

Your sales representative will be happy to guide you on the best solutions for your project!
